

# ARITRA GHOSH

Full Stack Developer

## PROFILE

I am a passionate full stack website developer with an experience of 1+ years. I have built as many as 15 to 20 web applications based on PHP and MySQL, also I have a good experience of designing based on HTML, CSS and Bootstrap. I am creative as well as innovative, I have delivered all of my projects on time. I am always looking forward to enhance my skills by joining an organization and working for the benefit of that organization.
